

XVIII. International International Environmental Law and Policy Conference November 04-05, 2024 New York, United States

XVIII. International International Environmental Law and Policy is the premier interdisciplinary forum for the presentation of ~~new~~ advances and research results in the fields of Law and Political Sciences.

Today more than ever before it is extremely important to stay abreast of the changing landscapes of the Law and Political Sciences world. The multidisciplinary focus of this event aims to bring together presenters and attendees from different fields with expertise in various areas of Law and Political Sciences, providing an excellent opportunity to participate in the international exchange of ideas, current strategies, concepts and best practices, collaborations, and cooperation, offering a broader perspective and more enriching experience. The program includes time allocated for networking, peer-to-peer discussions, and exploring the host city.

We invite the participation of leading academic scientists, researchers and scholars in the domain of interest from around the world to submit original research contributions relating to all aspects of:

- Environmental law
- Environmental and natural resources law
